Pay Recruits at Army Camps

Civilians to be Reimbursed for Training Expense. Families of Guardsmen will Also Receive Help. Employment of Attorney for a Settlement Barred.

WASHINGTON, Oct. 10.—The War Department announced today that it was prepared to receive applications for reimbursements of civilians, who attended authorized military training camps during the summer year. Congress appropriated \$2,000,000 for this purpose. The announcement says application should be made direct to the auditor of the department and that the cost of transportation and from the camps and of uniforms and subsistence during training will be refunded. It also was announced that in making payments to dependent families of National Guardsmen and regulars, disbursement in the case of each soldier would be determined by the amount he contributed to the support of his family prior to his call into Federal service. The statement says application for reimbursement should be made to the depot quartermaster here direct, and concludes with this warning: "Settlement will not be secured by the employment of any one to look after a claim."

Leaves War to Vote for Hughes

SAYS WILSON HAS ISOLATED US IN THE WORLD. Dr. Louis Livingston Seaman Declares President's Policy Has Left United States Without a Friend and Has Sacrificed Honor of the Country.

NEW YORK BUREAU OF THE TIMES, Oct. 10.—Dr. Louis Livingston Seaman arrived here today from France for the sole purpose of voting for Charles E. Hughes. Maj. Seaman, surgeon, author, and big game hunter, who has been twice fighting in nine wars, including the present one, sat in the midst of his trophies of jungle and battlefield at his home, No. 247 Fifth avenue, and berated himself for being induced to vote for Wilson in the last election.

Moose Party Quits the Field in Illinois

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] CHICAGO BUREAU OF THE TIMES, Oct. 10.—Substantial proof that the Republican party in Illinois is firmly reunited and that the Moose party has retired from business was given when Morton D. Hull filed with the Secretary of State at Springfield today his withdrawal as Progressive nominee for Governor. He was nominated by that party at the primary of September 13, his name being written on the ballot. George E. Keys of Springfield filed his withdrawal as the Progressive candidate for State Treasurer, he having been nominated in the same manner. Medill McCormick and William E. Mason of Chicago, Re-

Wilson Confers on Submarines

President Discusses Attacks of New England Coast. No German Promise Violated so Far, Say Officials. Lansing Visits Long Branch After Seeing Gerard.

LONG BRANCH (N. J.) Oct. 10.—President Wilson and Secretary of State Lansing discussed in detail at Shadow Lawn tonight German submarine attacks on merchantmen Sunday off the New England coast. The conference will be continued tomorrow morning. It was indicated by officials today that facts so far collected through governmental agencies have disclosed no grounds for drastic action by the United States government because of the attacks themselves. The President and his advisers are in a position to transfer of submarine warfare so close to America's shores as to be a grave danger because of the possibility of mistakes being made by submarine commanders. Reports that the resumption of submarine warfare on a broader scale caused some uneasiness among officials.

Peace Proposals

able means to strike terror into the hearts of their enemies. This opinion, which we have the greatest confidence in, has been directed against the United States, advocates the use of the submarine in accordance with the policy inaugurated by Grand Admiral Von Tirpitz. It is known that Secretary Lansing and Ambassador Gerard have been apprehensive that Germany would renew her submarine campaign, the ruthless character of which was suspended only after President Wilson threatened to break off diplomatic relations with the German government. It is the opinion of American officials that in ordering submarines to attack steamers on the Atlantic, the German authorities were moved by a desire to placate public opinion. In directing the submarines to attack only the German ships, the Germans hoped at the same time to avoid the submarine attacks on merchantmen and further impress upon it the desirability of aiding Germany to bring about peace.

CARRANZISTA GARRISONS ON VERGE OF REVOLT.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

EL PASO, Oct. 10.—Within the next twenty-four hours several of the military leaders of the de facto government of Mexico will revolt against the Carranza regime and form a fusion with the legalist party. This is the statement received tonight by United States government officials in El Paso and along the border. The break is expected to begin in the garrisons of Chihuahua, under command of Gen. Jacinto Trevino, and spread to Mexico City.

The Carranza paper currency, which is being paid to the soldiers, is practically worthless and is being refused by a majority of merchants, many of whom have closed their stores. They are not replenishing their stocks because they are compelled to buy with gold and sell at a loss, taking paper currency. Thousands are starving because there is no food to be obtained in the country.

Soldiers who cannot obtain their discharges are deserting. Many of the smaller garrisons are turning over to Villa, who is paying his men with silver currency and supplying their families with food.

SEARCH IS ABANDONED FOR KINGSTONIAN'S CREW.

(BY A. P. NIGHT WIRE.)

NEWPORT (R. I.) Oct. 10.—A search for the crew of the Kingstonian, one of the vessels reported to be torpedoed by a German submarine off Nantucket last Sunday, was abandoned tonight and the twelve torpedo boat destroyers that have been engaged in this work were ordered to return to port. For the last forty-eight hours they have conducted their search systematically within the zone of the submarine's operations and it is believed that any small boat drifting with a shipwrecked crew would have been sighted.

There is strong belief among shipping men that some merchantman bound east picked up the missing crew and proceeded on her voyage. Even if the rescuing steamer were equipped with wireless apparatus the fact that she had the Kingstonian's crew on board might not be reported. It is pointed out, as her commander might fear to run the risk of disclosing his position to a German submarine.

The Kingstonian was last seen by the officers and crew of the Stratford, one of the ships destroyed by the German U-boat.

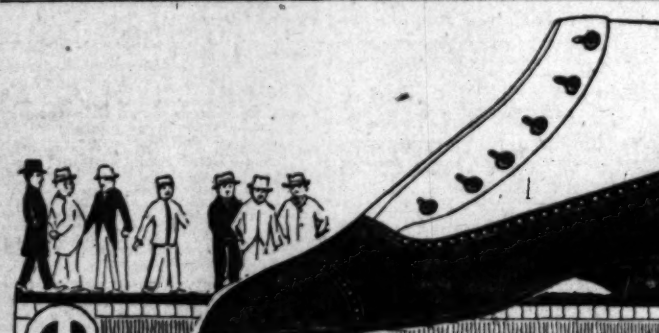

According to the report of Capt. Wilson of the Stratford, he and his crew witnessed the torpedoing of the Kingstonian after they had abandoned their own vessel, but he did not sight any of the Kingstonian's boats.

A report said to have come by wireless today told of the finding by one of the destroyers of an overturned lifeboat belonging to the Kingstonian. Navy officers here, however, later denied the story.

TREVINO'S WOUND INFECTED.

(BY A. P. NIGHT WIRE.)

EL PASO, Oct. 10.—Gen. Jacinto Trevino's wound, received while fighting the Villa forces in Chihuahua City, has become infected, and his condition is causing his friends much alarm. An American who arrived from the Chihuahua State capital reports.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour because it accumulates toxins, says a noted physician.

If you get headaches, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Salty skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it cannot salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

ALLEGED PLOT TO VIOLATE NEUTRALITY.

Brother-in-law and Local Man Arrested; to Seize Munitions.

It is believed to have been an extensive plot to violate the neutrality laws of the United States. The plot was discovered by the United States marshal at Calexico, who is brother-in-law of the local man arrested. The plot was to seize munitions from the United States and transport them to Mexico. The local man, who is a prominent citizen, was arrested on Tuesday. He is charged with conspiracy to violate the neutrality laws. BEANS AND TROUBLE.

Beans and checks are causing C. Forbes, an American ranchman, much trouble. Most ranchmen have had trouble with beans on account of the rain, but not so with Mr. Forbes. He was taken before Justice Hineshaw Monday on a charge of having issued fictitious warehouse receipts on his bean crop and was bound over to the Superior Court on bond of \$500, which was promptly forthcoming.

KIND HAND STILLED.

M. S. Kornblum, Active Business Man and Philanthropist Known for Good Works Here for Quarter of a Century, Dies Suddenly.

M. S. Kornblum, 57 years old, president of the Berlin Dye Works, philanthropist, and for twenty-five years a well-known Los Angeles business man, died at his home, No. 945 Westmoreland avenue, last evening. Death was due to cerebral hemorrhage. Prior to the seizure Mr. Kornblum had been in the best of health and was talking of going out for the evening when he was stricken.

NOTABLE MEN HERE.

Last Wednesday Juan Antonio Cantu, father of Col. Esteban Cantu, arrived at the Clark. To newspaper men Mr. Cantu said he was here for pleasure, and said nothing of the impending arrival of his other son.

LONG SEARCH ENDED.

"Lone Boy Bandit" of Trolley Out-Hold-up Fame Now Arrested and Held for Eleven Months' Hunt by Police.

After eleven months of search Willis Knudsen, once called the "lone boy bandit," was captured in San Diego yesterday afternoon by Deputy Sheriff Wright and Strong and brought here to stand trial on a charge of having stolen an automobile from J. F. Kennard.

POWERFUL ORGANIZATION TO FIGHT SINGLE TAX.

Leading Business and Commercial Bodies of this and Other Southern Cities Represented in Cohort Formed to Wage Determined Campaign Against Revolutionary Amendment that Spells Confiscation.

RENO ROMANCE FLOWERS HERE.

Ex-Gov. Tasker Oddie to Wed Mrs. Alex. MacKeigan.

He's Man Who Made Divorces in Nevada Difficult.

Both He and Fiance Severed Marital Ties There.

It was with no little social and general interest that it became known here yesterday that Ex-Gov. Tasker Oddie, of Nevada, the man who was largely instrumental in regulating divorces in that State, has won for his prospective bride, Mrs. Daisy MacKeigan, of this city, who met the ex-Governor while she was in Reno securing a divorce from Alexander MacKeigan, prominent broker and clubman of Los Angeles.

BIG DAMAGES ASKED.

Parents of Thelma Jackson Sue Packing Company for Damages Because Mexican in Its Employ Is Alleged to Have Assaulted Her.

A suit brought on the theory that the owner of the premises where Thelma Jackson, 3 years old, was brutally assaulted by an unknown Mexican, can be held responsible for damages, will be tested in the action filed for the girl through Attorney J. M. Wright yesterday.

IN RENO ROMANCE.

Mrs. Alex. MacKeigan and ex-Gov. Tasker Oddie Nevada, whose engagement became known here yesterday.

ADMITTS HE'S BIGAMIST; FAKED DIVORCE DECREE.

WHEN Hazel C. Liming quarreled with her husband, Harry R. Liming, he admitted the decree of divorce he had given her before they were married was a fake. Mrs. Liming brought suit to annul her marriage, and in Judge Wood's court yesterday she was granted a pretended decree of divorce. She identified a large red seal as the faked decree of divorce. This admission was made after the court had continued the trial of the annulment suit, taken up several days ago, until yesterday, when Mr. Liming, a civil engineer, was ordered to appear in court. He said he had a wife and a child in New Jersey and was not divorced when he married Hazel C. Liming in April, 1914.

CORONER HINTS AT UGLY "INFLUENCE" AT INQUEST.

WHILE a coroner's jury was holding an inquest yesterday into the cause of the death of S. O. Morgan, Howard Mielandine, 46 years old, No. 245 1/2 South Spring street, died in the County Hospital, second victim of the tragedy precipitated when Clarence A. Tolle, law student, rammed his automobile into a group of pedestrians waiting for a street car in Vernon Sunday.

Second Victim Dead.

The other two persons hurt in the crash are still living, according to the police reports. Henry L. Trotter was removed to his home in Redondo Beach. He is suffering from a fracture of the skull and internal injuries, and his condition is reported precarious.

Violyn

BEFORE you buy your piano investigate the Kranich & Bach, as it is a piano of exclusive features. It is the only piano made with the "Violyn" principle of stringing—has the longest sounding board used in any piano, is more susceptible to vibration and has the longest strings—thus giving it a bigger volume of tone, of unusual sweetness and a wonderful harp-like quality.

HOPE LURED IN BY JAIL-SONG.

Prisoner-musician Breathes Grief in Great Aria.

Trumpet's Strains Heard by Passing Connoisseur.

Now City's Artists are Busy with Relief Fund.

The clear, golden notes of "Purcell's aria from the opera "Dido and Aeneas" pulsed and thrrobbed through the steel corridors of the Eastside Jail yesterday, sobbing out the story of a prisoner, W. R. d'Alfonso, incarcerated for 180 days on a charge of battery. The prisoner was endeavoring to lighten the sorrow of other unfortunate inmates in the jail, to convey to them, in the expression of his own heavy-heartedness, the beauty concealed in his silver corner. He was also setting at work unexpected agencies that may bring him liberty and restore him to the company of his children.

While the clear strains of the trumpet echoed through the cell-room, John Campagna, representative of the International Opera Library of New York and a member of the police band at times, was passing the Eastside station. He heard the melody and stopped short. Turning to his companion, he excitedly declared there was but one musician in California that could play a trumpet with the technique and finish of the man in the jail. Hurrying inside he recognized d'Alfonso.

"I knew it was you—it could be no other," Campagna said in Italian. Then followed explanation and then was laid the plan to free the musician.

OFFERED GOOD JOB. d'Alfonso had been offered \$50 a week to play with the San Francisco Symphony Orchestra and was to have left for the northern city, September 24. He bought his ticket and then telephoned for permission to see his little girl and boy, Mary and Peter, at the Shaw Home for Children, on Scarf street. Permission was granted, but he was requested to come early, as his wife, from whom he is separated, was expected there also.

He went to the home at once. To his dismay he discovered his wife already there, in company with a Mrs. Pleasant, a Mexican woman, with whom the temperamental musician had an altercation. He was arrested and sentenced to 180 days in jail, after Mrs. Pleasant had

CONDEMNATION SUIT.

County to Attempt to Open Scenic Route in Site of Protest of the Rindge Company, Pacific Mutual Insurance Company and Others.

The biggest condemnation suit in point of miles is expected to be filed by the county tomorrow against the Rindge Company, Mrs. May K. Rindge, the Pacific Mutual Life Insurance Company and the Hueneme, Malibu and Southern Railway Company. This suit, which covers 450 acres of the complaint, prepared by Deputy Counsel Carl Haas, and five maps covering 100 feet in all, is to condemn a strip forty feet wide and 20.35 miles long, from the Ventura county line to the Ventura county line.

This new road, which will precipitate a court battle of probably a month's duration, promises to be one of the most scenic in Southern California. The maximum grade will be 6.5 degrees. There will be several ornate bridges. It will run along and back of the coast line, connecting with Yerba Buena Canyon road, and with the coast road into Ventura county.

The area of the forty-foot strip is 102.49 acres. The area of the parcels necessary to take out curves and for fills will be 44.43 acres. The total area will be 147.12 acres.

Worked Hard? MILKER INVOLVES TWO.

Dairymen Claims Mechanical Lactator Extracted Did Four Thousand Dollars' Damage to His Herd Before It Was Stopped—Sues.

The efficiency of a mechanical cow-milker engaged the attention of a jury in United States District Judge Trippett's court yesterday, when a hearing was begun of the action brought by W. W. Skinner, an Imperial county dairymen, against the Sharpley Separator Company, of Westchester, Pa., and Edgar Bros. of Imperial, for damages of \$4512.

It is alleged that in January, 1914, Skinner bought a Sharpley mechanical milker of Edgar Bros., the selling agent, for which he paid \$1007. At that time Skinner had a herd of fifty cows, and it is claimed that he put the machine on thirty of the cows, with the result that they were injured by its operations and use, and Skinner was compelled to cease its employment. It is also alleged that several agents of the Sharpley company paid extensive visits to Skinner, in the hope of improving the situation, all without effect. The defendant entered a general denial of the allegations of the bill of complaint.

GENERAL REVIEWS.

JACK COOMBS AN OLD TIMER.

Wins His Fifth Game of World Series Contests.

Chief Bender Best, with Six Series to His Credit.

Matty Also has an Envious Record of Wins.

By HARRY A. WILLIAMS.

Speaking of Coombs, catcombs and other relics of antiquity, we are reminded that Colby Jack yesterday chalked up his fifth world series victory, thereby tying with Mathewson and Brown for the second highest honors in world series pitching.

True, the old man had to have aid and comfort, and he seemed to be in need of oxygen in the seventh, but he retired in an undefeated condition, and there is no positive proof that he couldn't have gone the full route.

Colby Jack goes in the records as the victor, and will officially triumph through history as the man who turned the tide of 1916 from a rout into a real contest. His world series pitching pedigree also remains pure, he never having hit the turf in a baseball derby.

The man from Maine was at his best in 1910, topping off a spectacular season by defeating the Cubs three times in the big play-off. The following fall he polished off the Giants in one game, and yesterday, in what may prove to be his last world series appearance, registered his fifth triumph.

His record is equaled by Mathewson and Brown, and exceeded only by Bender, who leads all world series performers with six victories. After what Coombs had been through in the four previous world series, a good deal like the appearance of a specter in the box.

Three years ago Jack's friends gave him up for as good as dead. They were practicing slow music and trying to decide whether to play him or not. While delivering the ball he jerked several of the vertebrae loose from their accustomed location. That would seem to be enough to put him out of business, but soon after Jack contracted typhoid fever, and the same settled in his spine. This caused him to be home to contract, and he began to grow shorter. It was feared that he would emerge from the hospital looking like John Doe. If he emerged at all, the doctors sought to remedy this by stretching Jack's spine, and to accomplish this end attached heavy weights to his back. An anchor was made fast to each foot and a corner-stone hung onto his head for ballast. Something simply had to give, and Jack's spine responded to this heroic treatment. Those in charge lost the original plans and left the weights on too long, and the result was that he was stretched out of all resemblance to himself. When he got out of bed he was an inch taller than when he went in, and had the appearance of having been pulled through an inch and a half water pipe. Nature tried to right this wrong, but was not entirely successful. When Coombs was here last winter he still was two inches taller than he should have been. At that time he appeared permanent, and there was no indication that he would contract further so as to conform to his original specifications. Then, last season while pitching, Jack accidentally swallowed a large, juicy chew of horse plug, an experience that is not likely to be repeated. That Coombs should pitch in a world series after all he has been through stamps him as a remarkable character. Possibly that horse run by Gardner jarred another chew down Jack's throat.

Other world series pitching feats aside from those mentioned was the winning of three games in one series by Bill Dineen, Deacon Phillipis and Babe Adams. Dineen beat Pittsburgh three times in 1903, and Phillipis captured the Pirates for the same year. Cy Young won the other two games for Boston. Adams emerged from the chrysalis of comparative obscurity by defeating Detroit three times in 1909. However, the feat of Mathewson in blanking the Athletics three games in 1915 stands out as the most illustrious of world series performances, or words to that effect. Chief Bender is all upholstered with New York caps. Of his six victories, five of them were against New York, the same proving conclusively that he had the Indian sign on the Giants. His other scalp was derived from the Cubs.

The Braves are the only club to make a clean sweep of the big money, they defeating the discordant Athletics four straight in 1914. Still, the record of the old Chicago Cubs is in some ways more sensational. They lost but one game in two series with Detroit, while one game was tied. Frank Chance, in a reminiscent mood, explained why the Cubs failed to win every game in the play-off of 1907 and 1908, and in that way set up a mark that probably never would have been equalled. He shouldered part of the blame on himself.

The best that Detroit got out of the 1907 post-season series was a 3 to 3 draw. This was in the opening game, which was called at the end of the twelfth. The game was in Chicago and the Cubs had the last crack at the ball. In the twelfth round Steinfield was on third, Charley Schmidt with the bat, and a run, let one of Donovan's fast ones get by him. Steinfield started for the plate, and the play was such that he could have scored standing up. However, in the excitement of the moment he involuntarily threw out his arm and blocked Schmidt's throw to Donovan, who had rushed up to cover the play. Steinfield was called out for interference. Chicago took the next four games.

REDLANDS COACH HAS HIS TROUBLE.

REDLANDS, Oct. 10.—The troubles of Coach Cunningham have begun. He says that a jinx follows him. Outright, the heaviest man on the team this year and one of the headliners, is out of the game probably for the season. In a practice game he twisted his leg and the muscles were torn so that it will take weeks to heal.

"That is the first one and I sure hope it is the last," said Cunningham. "Last season six of my men went out in one game, the year before three of the best ones were put out in one game and it looks as if the jinx is still at work."

Cunningham is working his men hard this week on tackling and forward passing as these were the weak points that showed up in the game with the High School.

"SOONER" DUCK COSTLIEST MEAT.

LEBES HUNTER FINED FIFTY BY BAKERSFIELD JUDGE.

Practice of Catching Crawfish Before the Law to Have a Stock in Trade the Opening Morning is Given Numerous Jolts—Biggest of Shooting Seasons Predicted.

Trying to beat the law to a few ducks cost G. C. Gregory of Lebec a big \$50 fine when Deputy Fish and Game Commissioner A. J. Stout arrested him last Wednesday for "sooner" near Castaic Lake and took him before Judge Flournoy in Bakersfield.

Damages done by ducks to rice and other growing crops is made the excuse for considerable shooting by those who have no crops to damage, but recently five sacks of ducks were confiscated from the Merchants' Ice and Cold Storage Company in Los Angeles, and some smooth sleuth work done to ascertain the ownership of the frozen birds.

The shooting half an hour before sunrise of next Sunday morning under the California State law, and the Fish and Game Commission's field patrol deputies are empowered to enforce no other. Apparently the Federal Valley season is not popular with California sportsmen, application having been made to the Federal government for reclamation privileges. The California Audubon Society has taken up this good one for boys. The great finale will be held the latter part of the week. On Saturday night of the current week the association will hold its first masquerade of the season at the Central rink, with prizes offered for unusual and original costumes.

Two dozen desert quail from the Coachella Valley have been placed on Mt. Rubidoux in Riverside county by Recorder Logan. There are 500 valley quail on the mountain now and they consume over 100 pounds of wheat fed to them each month. Desert quail are discouraged wherever the better valley bird can live.

The annual fall elimination races of the Pacific Skating Association are being staged this week at the organization's official headquarters at the Central-avenue rink. Each night three trial heats are run, one for gentlemen, one for ladies and one for boys. The grand finale will be held the latter part of the week. On Saturday night of the current week the association will hold its first masquerade of the season at the Central rink, with prizes offered for unusual and original costumes.

Coach Lawson Robertson, in taking charge of the University of Pennsylvania cross-country squad, sprang a new training plan on the candidates. The runners would jog a slow mile, then walk a half mile, then jog a half mile and walk a quarter mile, and conclude with a three-mile run. This is the method Coach Mackley uses at Cornell.

MANY SPLIT HEAT RACES.

ALL FAVORITES MEET BITTER OPPOSITION.

Ashtand Stake Only Event Won in Straight Heat, in Which Early Don is Victor—Bath Clark Wins Two-second Place in Sixth Heat, the Longest Race of Meet.

[BY A. P. NIGHT WIRE.]
LEXINGTON (Ky.) Oct. 10.—Split heat races, all of which were hard fought, except the Ashtand stake, which was won by Early Don, was the rule at the meeting of the Kentucky Trotting Horse Breeders' Association here today.

The 2:07 pace carried over from Monday, went two heats before it was finally won by the original favorite, Beth Clark. This race went six heats, which is the longest of the meeting.

The 2:08 trot went five heats and had four heat winners. Peter Blinn, having won two heats, was declared the winner of the race under the rules. He was obliged to take a new record of 2:04 1/2 in the third heat, while Pittsburgh lowered his record to 2:04 1/2 in the fourth heat.

The 2:15 pace was unfinished at sundown, the Canadian mare, Queen Hal, having won the first two heats and Baron Wood from Michigan the third. The principal race of the day was the Ashtand stakes, worth \$1000. Early Don from the stable of Valentine had little difficulty in winning in straight heats.

The hardest-fought race was the unfinished 2:07 pace. Beth Clark won the fourth heat, the first one of the day, in 2:07 1/2. Camelia beat her easily in the next one in 2:08 1/2, and it seemed that she had the sixth heat at her mercy when only the two started, but Beth Clark won.

Summary:

First race, 2:07 pace, three in five, purse \$1000	Early Don, by Don Cole (Valentine), 2:04 1/2
Second race, 2:08 trot, five in five, purse \$1000	Peter Blinn, by Peter Blinn, 2:04 1/2
Third race, 2:15 pace, unfinished at sundown	Queen Hal, by Queen Hal, 2:07 1/2
Fourth race, 2:07 pace, unfinished at sundown	Beth Clark, by Beth Clark, 2:07 1/2
Fifth race, 2:08 trot, five in five, purse \$1000	Peter Blinn, by Peter Blinn, 2:04 1/2
Sixth race, 2:04 1/2 pace, six in six, purse \$1000	Beth Clark, by Beth Clark, 2:04 1/2

ANOTHER VICTIM.

[BY A. P. NIGHT WIRE.]
PHILADELPHIA, Oct. 9.—Walter F. Waldeman, 17 years old, a freshman at the University of Pennsylvania, died in a hospital here today from football injuries.

DETAILED ACCOUNT OF HOW BROOKLYN WON FROM SOX.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 10.—There was a little delay in opening the first world's series game in Brooklyn. The weather was cold with a moderate wind from the northwest. Harry Hooper, first man up for Boston, had two strikes and two balls when he sent a mighty drive over the right-field wall. The wind carried the ball over the foul line before it went over the wall. Hooper then set a high fly to Wheat. Janvrin poked a grounder at Mowrey, who made a fine stop and throw, getting the runner easily at first. Shorten had a count of two balls and two strikes when he drove a single to center field. Hoblitzel followed with a fast single to right and Shorten, in trying to go round to third on the hit, was thrown out, Stengel to Mowrey.

The National League champions in their half of the first inning were not able to get the needed hit when the bases were full. Centerfielder Myers was brushed by a pitched ball and was awarded first base. Jake Daubert tried to sacrifice, but his bunt eluded the Boston infielders long enough for him to reach first and Myers second safely. Stengel's sacrifice advanced both runners while he was being thrown out, Mowrey to Hoblitzel. Wheat was walked by Scott. The best Cuthaw could do was to chop a difficult grounder to Hoblitzel, who made a good scoop of the ball and tossed it to Thomas for a force out on third and Mowrey struck out.

SECOND INNING.
Boston's stay at the bat in the second inning was brief. Duffy Lewis lifted a high fly to Myers and Gardner sent up one that Cuthaw gathered in. Scott hammered out a long fly that was collared by Wheat after a hard run. The inning was over.

Brooklyn's turn at bat was also fruitless. Olson was an easy out. Scott to Hoblitzel. Miller struck out on three pitched balls, and Jack Coombs ended the inning by grounding to Scott, who threw him out.

THIRD INNING.
The American League champions got a man on the bases in the third but Coombs' fine pitching again quickly dismissed the side. Thomas went up short fly to Cuthaw. Mays struck out and Hooper singled to center. On Coombs' second pitch Janvrin tried to piff the middle sack and was out on a fine throw by Miller to Cuthaw. Hoblitzel came through with a tally in their half of the third inning. Scott momentarily juggled Myers' grounder, but threw to first in time to get his man. Daubert got his second hit when he drove a single to right field. Stengel shot a base hit into left and Jake moved to second and stopped there when Lewis made a quick return of the ball. Mowrey was able to move when Wheat fled to Lewis, but Daubert raced home with the first run up. Cuthaw moved to second on the throw to the plate to head off Daubert. Mowrey ended the inning by grounding out, Scott to Hoblitzel.

FOURTH INNING.
In the fourth inning Janvrin fled to second. Shorten shot his second single to left field, but was thrown out when he tried to steal. Miller to Olson. Myers caught the Boston infield unawares and bunted toward third. Gardner made a quick pick-up of the ball, but made a wild throw to first and Olson went to second on Miller's sacrifice. Mays to Janvrin, put Olson on third. Coombs came to time with a single to right, and Olson scored. Coombs went to second on Myers' sacrifice. Mays to Hoblitzel, but was left stranded there, as Daubert grounded out, Scott to Hoblitzel.

FIFTH INNING.
Carrigan's men went out in order in the fifth inning. Wheat barely moved in catching Lewis's line drive. Gardner was at bat a long time and finally fled to Mowrey. The best Scott could do was to push a grounder at Coombs, and was thrown out. Coombs' men went out in order.

SIXTH INNING.
Boston attacked Coombs' delivery viciously in the sixth inning and broke into the run column by scoring twice. Thomas hammered a grounder to Olson, who threw to first

ler grounded out, Hoblitzel to Foster. The latter was applauded for the fine style in which he fielded his position. Foster singled to right and Myers closed the inning by striking out. NINTH INNING.
Boston's ninth was quickly over. Shorten fouled to Wheat. Hoblitzel was thrown out by Olson and Lewis drove a low fly to Stengel, ending the game.

AR FOR MEN & WOMEN.

AGAIN WELCOME WOMEN'S VOTE

Club and Social Leaders at
Suffrage Luncheon.

Fifth Anniversary Affair is
Held by Million Club.

Happy Optimism the Keynote
of Numerous Talks.

More than 300 club and society
women and several men attended
the suffrage luncheon given by the
Los Angeles Million Club at the
Alexandria yesterday, in celebration
of the fifth anniversary of woman's
suffrage in California.

Many startling facts stood out
among other observations in
the past. For instance, Clara Short-
ridge Foltz, who did so much in
achieving equal suffrage in this
state, was not present. It was also
pointed out that neither the toast-
masters nor principal speakers had
before suffrage—in fact, a num-
ber had led in the fight against it.
A healthy anti. Mrs. W. C.
Clark called upon to preside when
she knew that Mrs. Foltz's illness
had prevented her attendance. Frank-
ly she was ill when all the
effort was being made to secure
suffrage for women—and
she happened to be married to a
suffragist.

WELL STAGED.
But the committee on arrange-
ments, including Misses, Frederick W.
Mason, J. F. Durkin and Frank
Mason, had managed capitally
the part of the observance, and
thoroughly decorated tables massed
with yellow chrysanthemums
gave the enthusiastic attendants
a richly adorned birthday cake
in the burning papers and sur-
rounded by a confectioner's table.
At the speakers' table, which
was the length of the greatest
table in the hall, all frosty with
white snowballs and statuettes,
and Gregory was master of cere-
monies, sitting upon "Mrs. Durkin,
our toast from Attorney
Mason. Then Mrs. Tyler was in-
vited, and she called for the
toast speakers with the remark
that "suffrage, having added
another mother, could wear her
cap proudly."

Mrs. Todd of New York, a guest
of California in 1910, who did
much work in the campaign and
was returned to further the
cause, said that the speech of
the day. As she related how the
suffragists and breathless
and workers waited through the
night.

Quiet Ceremony.

REV. DR. THRAPP WEDS CHURCH CHOIR SOPRANO.

First Christian Church, there has
been a steady growth in membership
and good feeling. The prosperity of
the congregation is credited to the
effective work of the minister. Dr.
Thrapp has been active in many civic
affairs. He was for a term president
of the Church Federation and also
takes a keen interest in the Christian
church work throughout Southern
California.

The bride, formerly an Omaha
high school girl, for the past two
years has been the soprano in the
quartets at the First Christian
Church, and active in all church
work. She received her finishing
training as a singer in New York
and returns annually to that city for
voice study. In her church work
Mrs. Thrapp has made a host of
friends.

Among those present at the wed-
ding were Mr. and Mrs. W. C. Mage,
Mrs. W. F. Miller and E. D. Richard-
son, all of this city, and Mr. and Mrs.
A. Dixon of Blair, Neb., parents of
the bride.

Mrs. Russell F. Thrapp,
singer in the choir of the First
Christian Church. She and the pastor were married yesterday.

Fight Single Tax.

(Continued from First Page.)

V. Marshall and J. F. Sartori.

PURPOSES STATED.

The purpose of the People's Anti-
Single Tax League are set forth in a
resolution passed with the unani-
mous approval of all those present
at yesterday's meeting.

This resolution calls attention to
the purpose of the proposed single-
tax amendment to raise all public
revenues, State, county, municipal
and district, in California, by the
taxation of land values exclusive of
improvements and taxes on "labor
products, occupations, businesses or
persons," and the fact that this pro-
vision would cause the remission of
approximately \$15,000,000 annually
now paid by the State by the rail-
road, gas, electric light, banking, in-
surance and other public and private
corporations. It cites that the ad-
ditional burden would be borne
alone by the farmer and lot and
land owner, who would have to
make up in additional taxation the
loss of revenue from present sources,
and dwells upon the fact that the
avowed desire and intent upon the
part of the advocates of the pro-
posed bill is to tax unimproved lands
so heavily as to cause them eventu-
ally to be sold to the State.

Point is also made of the danger-
ous character of the measure as af-
fecting the financial, commercial, in-
dustrial and other interests of the
State and in deterring outside cap-
ital from settling in California's de-
velopment operations. The resolu-
tionary character of the proposed
amendment, as a measure designed
to completely upset all present tax-
ation methods within less than two
months after its passage, at a time
when the State Taxation Commission
is diligently studying the existing
system with the view to making
recommendations to the next Leg-
islature, is pointed out as particu-
larly objectionable. The resolution
expresses the unqualified opposition
of the league to the scheme as
"inimical and destructive to the best
interests of every citizen of the
State," and embodies the strong de-
claration of the organization to
fight it until the day of the election.

SINGLE-TAXERS' PLAN.

The meeting was called to order
by E. F. Clark, who gave a careful
analysis of the single-tax movement
since the days of Henry George.

"The single-taxer," said Mr. Clark,
"would tax land so heavily that it
would have no selling value, simply
to get it into the hands of the State.
He does not tell us where the re-
venue for carrying the government is
to come from after he has made land
so valueless that the owners won't
pay the taxes levied upon it. His
whole frenzy is spent on the destruc-
tion of 'private property in land.'"
The speaker deplored the existence
of such an issue as the initiative
in its present form, by the use of

which any set of cranks with an im-
practicable, impossible scheme, can
force the people year after year to
organize to fight for rights that
ought never to be assailed.

Alexander Brown of Oakland,
formerly a member of the State
Board of Equalization, told of the
evil effects of a modified single-tax
law in British Columbia during the
past few years, a law which he de-
clared is not to be compared in
viciousness with that proposed for
California. He stated the delinquent
tax list in Vancouver for 1914 was
equal to one-third of the total taxes
levied, as the direct result of that
city's experience with single tax.

NEED TO FIGHT.

William Fitzgerald, representing
the Anti-Single Tax League of San
Francisco, gave interesting and il-
luminating information to show that
the movement for the passage of
the single-tax amendment in Cali-
fornia is backed by single-taxers the
country over and even by men out-
side the United States. He warned
those present against overconfidence
in their fight against the measure.

D. A. Hamburger branded the
movement as the most revolutionary
and dangerous ever presented to the
voters of California, declaring that
it would ruin the State at home and
give it a black eye abroad if carried
into effect.

He declared that its first effect
would be to force the savings banks
to call in all loans and to refuse to
lend money as long as the law was
in existence.

Have a Clear Complexion and Clean Skin

There is one sure, safe way to avoid a blotchy, simply skin. A good or bad complexion comes from within. If you want a clear complexion, a clean skin—rosy cheeks and good health, your blood must be pure and the poisonous matter must be carried off.

Dr. Edwards' Olive Tablets assist nature to remove all poisonous waste matter in the system. They act on the liver and bowels like natural yet have no dangerous after-effects. They are reliable—safe and cannot harm—are used by women folk everywhere.

Constipation is nearly always the cause of all skin troubles. The intestine must be made to do its work as nature intended—in a normal way. Have color in your cheeks. Take one or two tablets nightly and note the pleasing results. All druggists—10c and 25c.

ALLEGED RACE SHARKS TAKEN.

In a Daylight Gambling Raid on a Pool Hall.

Reputed Large Bookmaker and Two Others Jailed.

Heavy Sums Reported to Have been Wagered Daily.

ROY T. OFFUTT, with a national reputation as a bookmaker and follower of the races, and two alleged assistants, were arrested yesterday in a daylight gambling raid on Harry Hill's poolroom, No. 313 South Spring street. The raid was directed by Assistant Chief of Police Home.

Quantities of evidence, including alleged records of bets and data on the horses running, the jockeys and the weights, were taken by the detectives, and will be held as evidence against the trio, who are charged with a felony. They were held on \$1000 bail each and the money was provided before sundown.

Reports were received by Chief Butler that thousands of dollars were being changing hands daily at the Spring-street pool hall in bets on the races. The chief detailed Assistant Chief Home to clean up the place.

After watching the transactions several hours Detectives McAfee, Heath, Mann and Lewis raided the pool hall and arrested B. McNutt and Clarke Applegate, said to be clerks for Offutt. They had more than \$700 in cash available, the sum alleged to represent bets made during the afternoon.

The men had a station in one corner of the pool hall. Twenty-five men were crowded into this corner when the raid was made.

Later Offutt was arrested. Although it was after banking hours he sent a message to a bank and \$1000 was immediately delivered to him. Later he appeared at the Police Station with \$2000 to secure the release of his alleged assistants.

Assistant Chief Home said records seized in the raid indicated about \$1500 daily had been handled in bets on the Reno and Lota races. The results are reported to have been received by telegraph in the pool hall.

MOTHER LEAVES BABY.

Places Child With Grandmother and Mysteriously Disappears.

Mrs. Della Spangler, 30 years old, sent her 15-month old baby for an outing with her mother, and disappeared two weeks ago. Her husband appealed to the police yesterday for aid in searching for her.

The Spanglers live on East Clark street, Watts. Mr. Spangler reported to the police there had been no family troubles, and Mrs. Spangler had given no warning of her intention to leave.

In the afternoon she is reported to have dressed her little baby carefully, and then asked her mother if she would take the baby for an airing. The grandmother and the baby were gone for two hours. When they returned Mrs. Spangler had disappeared, taking few clothes with her.

Letters have been sent to the chairman of the Republican central committee of all Southern California counties, asking for their cooperation and representation in the entire program, which includes an automobile parade, a mass meeting at Trinity Auditorium and a dinner at night at the Alexander.

Outside towns are rallying splendidly to the call. Orange county will send fifty automobiles and a band of music as its contribution to the parade, and Pasadena will have 100 machines in line. It is desired to have at least 1000 automobiles in the procession, each draped with an American flag and bearing Hughes banner and pennants. Everybody is asked to participate.

various remedies to relieve constipation are prescribed but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. The most effective remedy is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin.

The Hon. John D. Kelster of Brandywine, W. Va., who has represented his district in the State Legislature for six years, writes that he uses Dr. Caldwell's Syrup Pepsin and finds it a splendid laxative, easy to take and mild, yet positive in its action, and that it should be in every household for use when needed.

Dr. Caldwell's Syrup Pepsin is sold by druggists in all parts of the United States and costs only fifty cents a bottle. It contains no opiate nor narcotic drug, does not gripe, and is recommended as a family laxative, mild enough for the tiniest babe, yet sufficiently powerful to act easily on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow card in which the bottle is packed. A trial bottle free of charge, can be obtained by writing to Dr. W. B. GET READY FOR HUGHES TRAIN.

Royal Welcome Assured for Big Campaign Special.

Auto Parade, Big Meeting and Luncheon are Planned.

Women Speakers' Services are Eagerly Sought Here.

With the women's Hughes campaign train due in Los Angeles next Wednesday, the Committee on Arrangements, composed of 150 of the most prominent women in the city, is working night and day to make the occasion worthy of the cause—the sure election of Charles Evans Hughes to the Presidency of the United States.

Subcommittees have been appointed to take care of every detail and yesterday the entire forenoon was given up to these committees. Women who have heretofore differed politically are working together for the common end, the triumph of the Republican party in November.

Letters have been sent to the chairman of the Republican central committee of all Southern California counties, asking for their cooperation and representation in the entire program, which includes an automobile parade, a mass meeting at Trinity Auditorium and a dinner at night at the Alexander.

PLENTY OF STORAGE EGGS ARE AVAILABLE, SAY EXPERTS.

As Biddy Won't Lay and Prices are Ballooning, Why Not Get Used to Refrigerated Article? Commission Dealers' Money-saving Plan has Backers.

The rapid rise in the price of fresh eggs during the past two weeks has caused not a little consternation among the housewives of Los Angeles. Though the producer receives but 47 cents a dozen for his eggs, the price of the staple to the ultimate consumer is approximately 60 cents a dozen, or 5 cents apiece.

These prices look exceptionally high to the average individual, yet on the same day last year, commission men point out, producers were receiving 35 cents a dozen for ranch eggs, and in 1914, 40 cents a dozen. At this time of the year production always falls off, with a resultant increase in the value of eggs. This season there are a great many more factors to keep the egg market on a high level than was the case in previous years.

Consumption of eggs all over the country has increased during the past eight months fully 25 per cent, say the commission men. The work-always falls off, with a resultant increase in the value of eggs. This season there are a great many more factors to keep the egg market on a high level than was the case in previous years.

Along with this increase in consumption comes a slight falling off in the production, which has resulted in a natural shortage.

The best grades of storage eggs can be bought today for 40 cents a dozen to the consumer.

MUST SUPPORT CHILD.

Postoffice Employee Learns He is Responsible for a Daughter's Expenses Even Though He Lost Her Custody in Divorce Court.

A father is not relieved from the responsibility of supporting his daughter, because, in divorce proceedings, she was not given into his custody, Judge Wood made this fact patent. Walter W. Fisher, chief distributor in the Los Angeles postoffice, when, in alimony proceedings, Mr. Fisher said he was willing to support Miss Marion Fisher, 15 years old, provided she was placed in his custody.

Miss Fisher has been living with her mother, Mrs. Mabel R. Davies, from whom Mr. Fisher was divorced in Nevada in 1911. The mother obtained the custody of the child in her custody.

Mr. Fisher was ordered to pay \$20 a month until Mr. Davies's maintenance suit is heard.

DRESS-UP RAIL.

Sartorial Candidates and Others will Frolic Friday.

One of the largest events of dress-up week was announced yesterday—the dress-up ball to be given Friday evening at Venice. There the candidates in the election to select the best dressed man, and others who have participated in the various events of the week, will revel.

Hats, shoes and haberdashery of the latest modes, as introduced during the week, will be the prizes for the best dressed, the best-dressed couples, and for other considerations.

The Dress-Up Association and the candidates will be the guests in a big lodge, from which the judges will make the awards.

At present indications, Jess H. Wood, the Ad and Rotary club's candidate, William Gillespie and Edmond Lowe are the favorites in the voting. However, the contest is running so evenly that the rest of the field is close behind.

GRAND JURY REPORTS.

Three Indictments, One Secret, Returned to Federal Court.

Indictments were returned yesterday against John Williams, charged with having ten five-tael cans of smoking opium in his possession, and John Watson, charged with having brought his wife from Salt Lake City to San Diego for the purposes of prostitution, in violation of the Mann White Slave Act. Watson is in the County Jail in San Diego in the latest stages of consumption. One secret indictment was returned.

HEADQUARTERS FOR DISTRIBUTION FOR THE PARADE.

Today at noon several automobiles will leave headquarters for San Bernardino, where the women of that city have called a preliminary meeting for arrangements at 3 o'clock at Hotel Stewart.

Mrs. Oliver C. Bryant, chairman of the County Committee, and Mrs. Charles H. Dick, chairman of the Welcoming Committee, and other members of the General Committee will make the trip.

Santa Ana has arranged for a big mass meeting Thursday, the 19th inst., and two speakers from the campaign train have been booked for this meeting.

At Pasadena yesterday, thirty women held an enthusiastic meeting presided over by Mrs. Maynard Force Thayer, who, with Mrs. Elizabeth Mumford of South Pasadena, is lining up all Republican women to participate in the demonstrations.

SPEAKERS SOUGHT.

Requests have come in from numerous sources for speakers. Dr. John Willis Baer, president of Occidental College, sent a written request for Mary Antin to speak before the Men's Club. The Men's Club has planned a special session, if a speaker can be secured, and the Friday Morning Club wants two speakers. It has been decided, however, by the Committee on Arrangements, to place the speakers where they can be heard by the largest number, and with that end in view, engagements where the capacity of the hall would necessarily limit the audience have been refused.

OLD STORY.

CHECKS PURSUE HIM.

Plumber, Charged with Passing Bad Paper on His Tailor, is Found at San Diego—New Auto and Trip by Woman are Guides in Hunt.

F. B. Mackey, a plumber, was arrested in San Diego yesterday by Constables Thomas and Woodbury of this city and is being brought here to face a charge of having passed fictitious checks. The complaint was issued by Deputy District Attorney Stafford. The plaintiff is J. T. Purcell of West Pico street, who charges Mackey gave him a bad check in payment for a suit of clothes.

Mackey's movements were easily traced because of the new automobile in which he left the city several days ago. Search was also directed against the woman who handled one of Mackey's checks, and had heard he was going to San Diego.

TIRING OF THE LIFE INSURANCE BUSINESS.

Wishing to establish a business of his own, Mr. Frost organized the Pressed Brick Company of Chicago in 1871. The company was capitalized at \$500,000 and for nearly ten years it contributed much to the building of that city. In 1888 Mr. Frost retired from business, and his interests in the eastern city, and moved to Pasadena.

HEADS NEW COMPANY.

For nearly a year Mr. Frost lived in Pasadena, but, tiring of having no business, he returned to Chicago and organized the Los Angeles Pressed Brick Company in 1887, with himself as president and general manager. When the company first opened for business it employed twelve men in one little plant. Today there are more than 400 individuals on the payroll, with four large plants and a reputation throughout the Southwest.

Mr. Frost remained actively at the head of the Los Angeles Pressed Brick Company until two years ago and during that time did more to alter the skyline of Los Angeles than any other single individual in the city.

In November of last year Mr. Frost became ill and retired from business. He was actually at the time of his death by his son, Howard Frost, who succeeded his father in the presidency of the building material concern.

His daughter, his daughter-in-law, Mrs. Howard Frost, and a son-in-law, Dr. L. J. Huff, Mr. Frost was a member of the Shriner and a member of the Jonathan Club.

Mr. Frost will occupy the vault next to Judge Wood's remains of his wife, who died Aug. 10.

LOSERS CONTEST.

Appellate Court Rules Against Imperial County Assembly Aspirant.

Clifford Coggin of Imperial county, lost his contest to secure the Republican nomination for the State Assembly in the Seventy-eighth District, yesterday, when the District Court of Appeal dismissed his petition for a writ of mandate to set aside the order of Superior Judge Franklin J. Cole. It was alleged in Coggin's petition that the clerks of the election board had been derelict in the performance of their duties in counting votes for R. W. Willis that did not belong to him. Coggin filed an election contest in the Imperial Valley county courts, September 11, and three weeks later Judge Cole dismissed the complaint.
